The typical fees for services are as follows:

Outpatient Intake	\$236.20
Outpatient Therapy	\$107.30 - \$208.80
Psychiatric Evaluation	\$265.90 - \$346.60
Medication Management	\$142.90 - \$283.80

These rates are subject to adjustment due to the variance in the length of sessions, Intensity of service provided, and/or June 1 of each year due to contractual inflation. The typical therapeutic hour and follow-up appointments are 55 minutes. The typical psychiatric evaluation is 45-90 minutes with follow-up appointments 15-30 minutes.

Any insurance coverage or changes in coverage should be reported to the front desk. Pre-authorization of services is the responsibility of the insured. Dakota Counseling Institute is unable to guarantee payment by the insurance company due to the Individuality of each plan. Denials may be due to non-covered diagnosis or other non-covered events. The agency will assist with the filing of insurance, but all charges are the responsibility of the client from the date the service is rendered. As a reminder, your insurance contract is between you, your employer when applicable, and the insurance company.

Dakota Counseling Institute will work with clients on their outstanding balances as long as the payments are reasonable and regular. We accept cash, checks, Visa and MasterCard. Returned checks are subject to an additional collection fee. Balances older than 30 days are subject to interest charges of 1 ½% per month.

I have read and understand the above information.

Dakota Counseling Institute Treatment Contract

The following is a contract between Dakota Counseling Institute (DCI) and its professional staff, and you, the client. This contract must be agreed to and signed in order to provide treatment to you. By signing this contract, both parties acknowledge that they have read, understand and agree with the terms set forth in this document.

Informed Consent: By signing this contract, you give consent to receive treatment by DCI professional staff, or a student or intern who is under the supervision of a licensed professional staff member. You have a right to be informed of your diagnosis. You have the right to receive information about the nature, purpose, and risks of any tests, treatment, or procedures suggested to you. You are encouraged to ask the clinician working with you any questions you may have regarding your treatment and its potential outcome. If your treatment involved individual, group, couple, or family therapy sessions, you must understand that the issues which brought you to seek therapy, may become worse before they get better. For example, you may feel more anxious or depressed in the beginning phases of treatment. In rare cases, you may experience loss of contact with reality, or you may experience strong suicidal intent, both of which could necessitate a period of hospitalization in a psychiatric facility. The same is true for medications if you are seeking medication management of your symptoms. All medications have the potential for side effects, and not every medication works the same for everyone. During the course of therapy, interpersonal relationships may change. If you have experienced significant trauma at some time in the past, you may experience flashbacks or a reliving of past experiences and feelings associated with these.

Confidentiality: Confidentiality means that the information you share with DCI and its employees will not be released to other individuals or outside agencies, with the following exceptions:

1. If you sign a release specifying to whom the information is released, what information you want released, and for what time period the release of information is valid.
2. Some insurance companies and EAPs request information about your treatment. When you sign on with an insurance company and/or EAP, you sign a waiver or a release of information authorizing such information. Therefore, we will release the requested information to your insurance company and/or EAP unless you inform us in writing that you do not want us to do this. Once we receive your request in writing, all information gathered about you after the request is received will not be released to your insurance company and/or EAP. However, if you made such a request, you become solely responsible for the cost of your treatment.
3. Upon a proper court order, your records and/or the testimony of your primary mental health professional may be released.
4. All mental health professionals are mandated reporters. This means that the clinician working with you has to report child abuse or abuse of other dependent persons. This process will follow all guidelines set forth by State Law.
5. If the mental health professional judges you to be a danger to yourself or others, and you refuse voluntary hospitalization, necessary information will be released to outside agencies to insure your and others' safety and to insure continuity of treatment. This process will follow all guidelines set forth by State Law.
6. Your financial obligation, name and address may be referred to outside collection agencies, including small claims court, if your account is delinquent.
7. Contact with your HMO for coordination of care.
8. If you are under the age of 18, or have a legal guardian, your parents/legal guardians have the right to obtain information about your treatment, and the right to sign releases of information to other agencies about your treatment on your behalf.
9. If you are the parent bringing your minor child for treatment, please be advised that all information requested by or shared with one parent will also be made available to the other parent, unless such parent's rights have been terminated by a court of law and such termination order has been placed in the child's client file.
10. If you are the partner in couple's therapy, any release of records must be approved and signed by both parties, and the information will be made available to both parties participating in these counseling sessions.
11. If services are funded, wholly or in any part, through State Contract or Medicaid monies, the State of South Dakota, Division of Behavioral Health, will receive certain demographic information about you and may, periodically, review records to assure our compliance with contract requirements. At no time will we release your name or your address. If you have further questions about this, please ask staff.
12. If you receive services from more than one professional staff member of Dakota Counseling Institute, members of your treatment team will likely exchange information in order to coordinate services and provide you with the best treatment available. Similarly, if your therapist is under supervision of a licensed provider, the supervisor will

periodically review records, and you therapist may discuss your case in supervision meetings. All participants in supervision are bound by the same confidentiality standards as your therapist.

Grievance Procedure: Dakota Counseling Institute is committed to providing high quality mental health services through its various programs. Our goal is to provide the most effective services possible, and we want you to be satisfied with the services you receive. As is the case with any service provider, however, occasionally there will be times when a person receiving services is dissatisfied with the services provided by the agency. If you have a complaint regarding services provided to you, please try to discuss the situation or the nature of your dissatisfaction with the staff member providing services to you. Most problems are likely to be resolved at this level.

If the problem is not resolved by talking directly to the staff person providing services to you, you may submit a written explanation of your complaint to the Clinical Director of Dakota Counseling Institute. The Clinical Director will respond to your complaint verbally and in writing within 15 days of receiving it. If the problem is not resolved at this level, you may forward your complaint in writing to the Executive Director of Dakota Counseling Institute. The Executive Director will respond to your complaint verbally and in writing within 15 days of receiving it.

If you and the Executive Director do not resolve the problem to your satisfaction, you may contact the Division of Behavioral Health at the following address and phone number:

South Dakota Department of Social Services
Division of Behavioral Health
700 Governors Drive
Pierre, SD 57501

Phone: (605) 773-3123
Fax: (605) 773-7076

REGARDING SUBPOENAS AND PROFESSIONAL STAFF TESTIMONY

Occasionally, professional staff members of Dakota Counseling institute are ordered to provide testimony in court regarding their professional contact (e.g. Psychotherapy, medication management, case management, psychological testing, mental health evaluation, emergency assessment) with clients. For any professional staff member to appear in court, he or she must have been served an official subpoena to appear in court on a stated date and time.

When a member of the professional staff is subpoenaed to testify regarding treatment of a current client, the staff member will discuss any possible testimony with the client at their next session. A rough outline of content of the testimony will be discussed with the client and, when possible, with the client's attorney,

Professional staff members giving testimony in court are considered expert witnesses, meaning they will be asked to give opinions and discuss hypothetical questions rather than simply asked to repeat factual data. Clients will need to be aware that their attorneys will be billed for the time professional staff are out of the office and thus unable to see other clients, **whether or not they are called to testify in the end.** Therefore, if, for example, a professional staff member is ordered to be in court at 9:00 am, does not testify until 11 am and then is on the stand for an hour, the attorney will be billed for three hours. Hours are billed in 30-minute increments at the psychotherapy rate valid at the time of testimony. Insurance companies, Medicaid/Medicare, and any other third-party payers will not be billed for court testimony. You need to be aware of this as in the vast majority of cases attorneys will recover these costs from you, the client. Attorneys will also be billed for the time it takes to travel to and from the office to the court house where testimony is to be given.

By signing below, you indicate that you have read and understand the above information regarding professional staff testimony, and agree to the terms and conditions outlined above.
